

EDO SINGLES MINISTRY

The need to bring single men and women together for acquaintance, fellowship and love is always present in every society. The world is now a global village where people from across the continents can communicate at many levels: spiritual, social, political, or economic. Love-life is not an exception. Now that people have migrated to diverse parts of the world, it has become more important to set up the communication system through which they can search for and seek out those persons with whom they can share their lives in love and marriage. Love knows no bounds! Everybody needs somebody, and soul-mates are not always available in the neighborhoods. The search will be worth the find, and the find will be worth the search!

This forum will provide the '**LOVE GARDEN**' to facilitate this process. With professional guidance, the forum invites and directs single individuals to submit their profiles, providing their names, **age, gender, ethnicity, education, religion, vocation, hobbies, height, hair-color, hair style, eye-color, and recent photos**, to share with viewers. Telephone numbers and email addresses shall also be required, but these might be monitored, to avoid abuses. Testimonies of persons, who have successfully utilized the services of this medium and have been blessed by it, will be welcomed on individual's basis. (Optional). Your donation of \$15.00 monthly service fee will be appreciated.
